

# MUHAMMED SAYYAN E

## Front-End Developer

+91 8086232426 | sayyanelayodan@gmail.com | [Linkdln](#)

### PROFESSIONAL SUMMARY

I am a Front-End Developer with 2+ years of experience in modern JavaScript frameworks like React.js and Next.js, along with TypeScript, Redux, and Tailwind CSS. I specialize in building scalable, high-performance web applications with clean UI architecture and reusable components. Skilled in REST API integration, state management, responsive design, and accessibility best practices. Passionate about creating intuitive interfaces that enhance user experience and align with business goals. Thrive in Agile environments, collaborating with cross-functional teams to deliver projects on time with high code quality.

### KEY SKILLS

- Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), Redux, Tailwind CSS, Bootstrap, MUI
- Backend: Node.js, Express.js, REST APIs
- Database: SQL
- Tools: Git, Postman, VS Code
- Other: Responsive Design, Cross-Browser Compatibility, Agile Development
- Third-Party Integration: Buktor (Doctor-first platform for online consultations, WhatsApp appointment booking, and patient engagement)

### PROFESSIONAL EXPERIENCE

#### Zinfog Codelabs Pvt Ltd

Kozhikode, India

#### Front-End Developer

June 2024 – Present

- Developed and optimized multiple production-level web interfaces using React, TypeScript, and Tailwind CSS.
- Improved UI performance and rendering speed by implementing memoization, code-splitting, and optimized component design.
- Collaborated with backend teams to integrate REST APIs, ensuring smooth data flow and consistent error handling.
- Enhanced cross-browser responsiveness, reducing UI bugs and improving overall accessibility.
- Implemented reusable UI components, reducing development time by 30%.
- Collaborated with designers to ensure pixel-perfect implementation of Figma designs.
- Integrated Buktor, a doctor-first platform for online consultations, WhatsApp appointment booking, and patient engagement, into the project to enhance healthcare service accessibility and user engagement.

#### EduMetrix Learning Solutions Pvt Ltd

Malappuram, India

#### Software Engineer

April 2023 – May 2024

- Developed responsive web pages using React.js and Node.js for scalable learning-platform modules.
- Implemented REST APIs and improved data handling, reducing load time and improving app performance.
- Collaborated in UI/UX discussions to enhance visual consistency and user experience.
- Built reusable components and clean, maintainable code improving development efficiency.

### EDUCATION

BSc Computer Science — Calicut University (2020 – 2023)
